## Experience

### UX Design Intern / Lacework

May 2021 - August 2021 / San Jose, CA

- Restructured and redesigned workflow for Lacework's security reports, enabling a brand new customization, organization, and sharing system for thousands of security executive customers
- Conducted user research, user testing, and Q&A sessions with customers and product, engineering, and customer success teams
- Overhauled Lacework's dark mode system and updated component library
- Collaborated with BRIDGEGOOD to lead a 3-day UX Design workshop

### Product Designer / Bits of Good

January 2021 - Present / Atlanta, GA

- Collaborated in cross-functional teams to advance GT Scheduler, a course scheduling tool used by thousands of Georgia Tech students
- Designed a multipurpose application portal for Hack4Impact (H4I), Bits of Good's parent organization, to facilitate nonprofits looking to work with H4I's twelve chapters

### UI & Digital Coordinator / EFBA - Education Française Bay Area

June 2020 - November 2020 / San Francisco, CA

- Conducted user research and restructured staff portal to streamline onboarding for new employees
- Implemented web pages promoting cultural programs and developed a login/registration system for EFBA's website

### Vertically Integrated Project / Design Bloc

January 2021 – May 2021 / Atlanta, GA

- Collaborated with industry and nonprofit clients in discussion and co-design sessions for service design projects

## Education

### Georgia Institute of Technology / BS Computer Science

August 2019 - May 2023 / Atlanta, GA

- 4.0 GPA, Faculty Honors / Concentrations: People + Media
